Skills

- **Programming Languages:** Java, C, JavaScript (ES6+), TypeScript
- **Frontend Development:** React.js, Next.js (App Router), HTML5, CSS3, Tailwind CSS
- **Backend Development:** Node.js, Express.js, RESTful APIs, JWT Authentication, Role-Based Access Control (RBAC)
- **Databases & ORM:** MongoDB, PostgreSQL, SQL, Prisma ORM
- **Tools & Deployment:** Git, GitHub, Vercel, Netlify
- **Problem Solving:** 300+ Data Structures and Algorithms (DSA) Problems Solved

Projects

Prime Rides: Self-Drive Car Rental Platform

[prime-rides-two.vercel.app](#)

- Developed and deployed a full-stack self-drive car rental platform using Next.js (App Router), TypeScript, PostgreSQL, and Prisma ORM to manage vehicle rentals, bookings, and customer workflows.
- Implemented secure authentication and Role-Based Access Control (RBAC) with customer and admin access, enabling role-specific management of vehicles, locations, bookings, inventory, and rental operations.
- Built an Admin Dashboard with vehicle and location management, availability tracking, dynamic pricing, coupon management, booking management, enquiries, refunds, and team management.
- Integrated Razorpay for secure online payments and implemented booking confirmation, refund workflows, and email notifications using Nodemailer.

Library Management System: Full-Stack Platform

[digitallibrary11.netlify.app](#)

- Developed a full-stack Library Management System using the MERN stack to manage books, users, and library operations.
- Implemented JWT-based authentication and Role-Based Access Control (RBAC) to secure user accounts and restrict access based on user roles.
- Designed and developed RESTful APIs for book management, user management, and book issue/return workflows using Node.js and Express.js.
- Built a responsive Admin Dashboard with search, due-date tracking, and real-time updates for efficient library administration.

Experience

PUSHPENDRA TECHNOLOGY PRIVATE LIMITED

[pushpendratechnology.com](#)

Full Stack Developer Intern — Aug 2026 – Present

- Developing and maintaining full-stack web applications using the MERN stack and Next.js.
- Building responsive frontend interfaces, REST APIs, authentication, and database integrations.
- Debugging application issues, implementing new features, and improving overall functionality.
- Collaborating with the development team to implement requirements and deliver features on time.

Education

Dr. K.N Modi Institute of Engineering & Technology (AKTU) – B.Tech

2022-2026

in Computer Science Engineering — 71%

BBS Public Inter College (CBSE) — 12th

2022

BBS Public Inter College (UP) — 10th

2020

Achievements and Certifications

- Selected as a Open Source Contributor in GirlScript Summer of Code 2026.
- Completed Introduction to MongoDB – hands-on NoSQL basics.
- Digital 101-Certified by FutureSkills Prime.
